

MUR # 6319

Dear Counsel:

I wish to bring to your attention campaign violations which Vicky Hartzler and her federal campaign committee have committed. The campaign has consistently displayed campaign paraphernalia without proper identification of who has paid for these materials. They have displayed banners at multiple events without the standard and legally needed "Paid By" box at the bottom. This leaves open questions of who has actually paid for these items. The most recent example is that of the large banner hanging up in the Hartzler for Congress Jefferson City Office at 2511A Industrial Drive. Picture A provides evidence as to the banner hanging up in the window of the office at 2511A Industrial Drive. Picture B provides evidence to the lack of identification of who paid for the banner. As Picture B reflects, the standard and legally mandated "Paid By" box is missing at the bottom of the banner.

To provide further evidence of the consistent display of improperly identified campaign materials, I have included Picture C and Picture D which were taken directly from her Facebook fan page on the internet. In these pictures, you will find Hartzler speaking at a large event with the same banner that is currently hanging up in her office window. Once again, this banner does not properly identify who paid for it. This matter is in direct conflict with campaign regulations, and swift action must be taken against Hartzler for Congress. .
